

iKeenan®

the intelligent mixer

Introducing the intelligent mixer
to deliver the optimal ration

**AutoStop, PACE Connect and our
Mech-fiber expertise delivers a new
model of feeding dairy and beef cattle.**

AUTOSTOP

AutoStop®: a unique system which switches off
the tractors PTO when the mix is complete

PACE CONNECT

PACE® Connect: remote web-based management
system allowing rations to be adjusted by you or
your nutritionist

MECH FIBER

Mech-fiber®: delivering the optimal physical mix
to improve production levels and animal health

Venue: Charlie Weir's Farm, 94 Banbridge Rd,
Waringstown, Craigavon, Down,
BT66 7RU, Northern Ireland

On: Thursday 26th January

Time: 11.00 am

Colm McEvoy will discuss:

- Benefits of iKeenan on farm
- Working demonstration of iKeenan
- PACE Connect
- Dry cow management, body condition
& milk quality
- Ration presentation and the impact
on animal performance, margin and
feed costs
