

iKeenan®

the intelligent mixer

Introducing the intelligent mixer
to deliver the optimal ration

AutoStop, PACE Connect and our
Mech-fiber expertise delivers a new
model of feeding dairy and beef cattle.

AUTOSTOP

AutoStop®: a unique system which switches off the tractors PTO when the mix is complete

PACE CONNECT

PACE® Connect: remote web-based management system allowing rations to be adjusted by you or your nutritionist

MECH FIBER

Mech-fiber®: delivering the optimal physical mix to improve production levels and animal health

Venue: Kieran Savage's Farm,
Tylough, Kilduff, Tralee, Kerry
On: Thursday 26th January
Time: 11.30 am

Cathal Bohane will discuss:

- Benefits of iKeenan on farm
- Working demonstration of iKeenan
- PACE Connect
- Dry cow management, body condition & milk quality
- Ration presentation and the impact on animal performance, margin and feed costs
